October 2022 Edition

## **President's Report**

Well, the conventions are over and although attendance was down everyone seem to have a good time. I want to thank all the volunteers that arrived early and helped out it was the best showing of what can happen if more people get involved.

I want to welcome two new board members to the board. Carl Roeller as the Predator Outreach director and Erick Trombly as Director at Large. Both these individuals are heavy into the Predator Caller network and will help keep us up to date on what's happening in that area. Also, we have a new NTA director and that is Ken "Bernie" Burzynski. Welcome and thanks all of you for volunteering. We still need a volunteer to become the Raffle Coordinator and Convention Coordinator for the association. Craig Schafer has everything to go for the next raffle but has taken the job as the Recording Secretary so had to give up something He will help anyone that wants to do this very important job. Joe Velchansky has retired as the convention coordinator after many years in this position, He has stated he will help in any way needed for the next person. If anyone is interested, they can contact Craig, Joe or me and will try to answer your questions.

Thank you,

Mark Spencer  
President

Michigan Trappers and Predator Callers

Remember "**KIDS WHO HUNT, FISH OR TRAP DON'T MUG LITTLE OLD LADIES**"

## **Membership Secretary- Steve Campbell**

Hope this reaches everyone well into the swing of getting your steel and cables and all your equipment prepared for the upcoming season. The past few months have seemed to fly by and I am currently working overtime to get all of my stuff prepared and my new trapping shed done before season. It always seems that life seems to get in the way of our best laid plans though. Having gone through the convention season as membership secretary and peeking in on other states and associations booths has led me to be grateful and honored to serve as the MTPCA membership secretary, I look forward to helping the association to grow its numbers for the future of trapping. As of me writing this we are currently sitting at 611 members including lifetime, senior life members and active dues paid up members, In the last 3 years we have had 228 members drop off for whatever reason. It is my hope and goal to gain as many as possible of those people back as well as continuing to grow our members ranks through a persistent and strong membership drive. This is going to take some initiative, especially with fur prices being low and overall cost of living rising daily. We as an association need to come together and really push for a growth in members and as membership secretary I am looking for any insights or ideas from the members to help accomplish this. I am trying to organize a membership drive and will keep everyone posted with news.

# The Trapline

The Official Publication of the Michigan Trappers and Predator Callers Association  
October 2022 Edition

Having done the Woods N Water show I truly believe it is within the associations best interests to be able to do as many shows as possible to get out to the general public with good quality information that shows how much modern trapping is not like the stereotypical portrayal of the antis. This however takes both time and volunteers. We as an association need more volunteers to help step up and take the fight for our rights into our own hands. Doing nothing will end up with us loosing everything. Even if its only for an hour or two if you're able please help step up and this will make a world of difference in our fight. Also always look out for an opportunity for the MTPCA to get out and spread the information. If there is a local sportsman dinner in your area let the board members know as soon as possible, if there are events, shows, predator hunts or other similar happenings we can be at please do not hesitate to let myself or any board member know. The more we get our faces out there the better off the future of trapping will be. The Woods N Water show was a smashing success in my opinion, especially for being an event that does not cater to just trappers but rather sportsmen in general as well as the general public. We overall had great conversations with both young and old alike, be it reminiscing about fur prices during boom years, or the sparkle in kid's eyes as they spoke about raccoons and muskrats they caught. The fur prices might be down, but now is the time to invest in the youth and other sportsman alike so that we as trappers can ensure our heritage and ways do not fizzle out into a memory, but rather as a pastime that we can continue to proudly pass down to the generations that follow us.

As always if there are any questions or concerns about membership status or magazine subscriptions please feel to reach out to me and I will respond as quickly as possible. Once again thank you for allowing me to serve as your membership secretary. I look forward to hearing about everyone's successes this upcoming season at the fur sale.

Remember take kid trapping this year and TIGHT CHAINS.

Steve Campbell  
Membership Secretary

## **Letter from the Editor:**

Hello, Trappers and Callers!

Lots of excitement in the World today. I'm looking forward to spending some time in the woods. It's saner out there!

This year's Kid Raffle was another great one! We got a lot of great donations of equipment between the Cook Out and direct donations we raised over \$1100! With everyone's generosity we ended up giving away eighteen grand prizes!

Here are all the lucky winners:

# The Trapline

The Official Publication of the Michigan Trappers and Predator Callers Association  
October 2022 Edition

Girls 7 and under Fishing Pole #1- Grace Pawloski Remis, MI  
Girls 7 and under Fishing Pole #2- Delanie Campbell, Otsego, MI  
Boys 7 and under Fishing Pole #1- Samuel Kantala Howell, MI  
Boys 7 and under Fishing Pole #2-Jackson Schalk St. Johns, MI  
Muskrat Kit #1-Jacob Maine Southgate, MI  
Muskrat Kit #2-Gabe Faber Mt. Pleasant, MI  
Muskrat Kit #3-Mackenzie Lash Otsego, MI  
Raccoon Kit #1-Tyler Campbell Otsego, MI  
Raccoon Kit #2-Leigha Carter Lake Odessa, MI  
Beaver Kit #1- Levi Carter Lake Odessa, M  
Beaver Kit #2-Devon Bontrager Rome City, IN  
Predator Kit #1-Alexis Traxler Bailey, MI  
Predator Kit #2-Alex Batka Spring Lake, MI  
Calling Kit-Dylan Steele Charlotte, MI  
Joe Velchansky Trapper's Bucket- Cole Hall Marion, MI  
Mark Earl Trapper's Packbasket- Jacob Batka Spring Lake, MI  
ATS Dogproof Trapper's Starter Kit- Ambyr Cornell Evert, MI  
Joe Goodman-signed "Master Trappers" Book- Dwayne Bontrager Rome City, IN

Thank you so much to all the people who donated! There was a lot of happy kids thanks to YOU! You know Trappers and Callers have always taken care of the kids! God Bless You! BTW I made a misstatement at Convention regarding this being the 16<sup>th</sup> Kid Raffle. Going through some stuff in my basement I found some old documents and actually our first one was in 2003. Taking out the missed year due to COVID (2020) that makes this our 19<sup>th</sup>! Wow. Kids that weren't born yet the first couple years are now too old to participate. Time sure does fly!

Both By Laws changes that were on the ballot this year passed. We have a new Predator Calling Outreach Director (Carl Roeller) AND we also picked up a Director-at-Large (Erick Trombly). They will be working together to help us better serve Michigan's Predator Callers. Thanks, Guys! We also have several Board members in new roles. Thanks to everyone that steps up to help protect and promote our sports! Thanks to Joe Velchansky and Missi Martineau for their service to the Association! And thanks to all the other Board members! I hate to think of where trapping and calling would be in Michigan without all of your hard work. I know for a fact:

- there would be no beaver snaring or predator cable restraints
- there would be no colony traps
- our otter limit would still be two in the UP and one in the NLP (and zero in the SLP)
- night-time predator hunting would be rimfires only (It was quite a fight to get centerfires and #3 buckshot! I know- I was there. My daughter Emily also testified before the NRC on this one.)
- our dryland bodygrippers would be limited to 5"x5" on all lands- public and private
- bobcat trapping (and hunting) would have never expanded beyond Area D

# The Trapline

The Official Publication of the Michigan Trappers and Predator Callers Association  
October 2022 Edition

and the list goes on. I was actively involved in many of these and I can assure you that if we aren't there with the DNR, the NRC, and the Legislature the only changes would be bad ones. I even remember when the original MTA was pushing to lift the 50-foot law on beaver traps and the 6-foot law on muskrat traps. (I know- I'm old.) Individuals can help move issues through the process, but it's associations like the MTPCA that actually have a seat at the table when issues are raised to the point of consideration and resolutions are negotiated. I know this may sound harsh but those that aren't members are riding on the backs of those that are. It's as simple as that.

As you'll see in Steve Campbell's Membership Secretary Report, memberships are down. I've been actively involved in the Association for over 20 years and every time fur prices drop- so does membership numbers. I kind of get it, but for the folks where trapping is all about the money- I can't help you. I think you're missing the point and I'd suggest you sell your gear and get a job at McDonalds- you'll be money ahead for sure. To those folks that trap and call for the love of it, and stay members (and especially volunteers) through the good times and the bad- you're the people I work for. If it wasn't for you, one bad cycle in the fur market could lead to the end of our sports. If we aren't able to continually stand before the Legislature and the NRC promoting and protecting trapping and calling, the HSUS and others would use that time of weakness to wipe us out. Believe me. They're smarter than you think (even if they are wrong-headed about hunting and trapping). Please talk to your hunting and trapping partners. The more members we have, the stronger our voice.

Thanks! Have a fun, safe season-

John Caretti

Editor and Kid Raffle Coordinator

## FTA Report

<http://www.furtakersofamerica.com/>

As always, the FTA is at the forefront guarding and fighting for Trappers rights and freedoms.

Dave Hasting, President of the FTA will be ending his Presidency as of January 1, 2023. I thank Dave for his outstanding leadership. Dave will still be involved with the FTA, in an advisory capacity.

The next FTA President will be Jason Wisniewski. Jason is from Tennessee and serves on the Board of Directors now. Jason is running for FTA President unopposed. At the NTA in Ohio this year, Mark Spencer, Bernie, Mark Earl, Ed Lundborg and myself had the pleasure of talking with Jason at length. Jason will continue to lead the FTA in a positive direction. The FTA and MTPCA will continue to work together for all trappers.

## MTPCA Raffle Report

The 2022 Raffle was successful. The 2023 MTPCA Raffle is almost complete. Tickets will go on sale in December. The 2023 MTPCA Raffle will be my last raffle I put together.

The MTPCA is looking for a new raffle coordinator. It is best to have someone by July 1, 2023. Basic math and book keeping skills are needed. The person will be required to work, "Shows & Events". to sell tickets. This person will be required to travel to assemble the prizes for the raffle. At the MTPCA Convention a lot of your time will be at the booth. I have moved on to the MTPCA Recording Secretary position. I will be available to assist you setting up your first raffle. Contact Mark Spencer if interested.

I would like to give a big shout out, "THANK YOU" to all the volunteers that gave their time at the 2022 Evert convention this year. The volunteers helped take the MTPCA convention to the next level of efficiency.

Also I would like to thank Ed Lundborg for all his years as the MTPCA NTA Representative. Ed, Thank You.

Joe Velchansky, Thank You for your years as Convention Coordinator. You had a great system and made it look easy. But, I know it was not.

A Congratulations goes out to, Tammy McDuffie, the New Zone 2 VP.

A Welcome goes out to, Carl Roeller as the New "Predator Caller Outreach Director" A voice much needed.

A Welcome goes out to, Erik Trombley as a New "Director at Large" . Erik is very involved in the Predator Calling Sport.

A Welcome goes out to, Calvin Miller as the New, "Fur Sale Director".

A Congratulations goes out to. Bernie Burzynski, as the New NTA-MTPCA Director.

As always the MTPCA is looking to fill vacant positions on the board. Give Mark Spencer a call to help fill these positions.

Respectfully  
Craig Schafer

## **MTPCA Region 1 Vice President's Report**

Hello Trappers,

Well summer is over and fall is upon us. The Chippawa County Fair had a good turn out. Sold a lot of fur. Met some interesting people.

Northern Great Lakes Fur Convention in Kinross had low attendance. I'd like to thank all the vendors and also those who volunteered to do demo's. Also thank you to all who volunteered to set up and clean up. It was a good time.

Bow season is here and Trapping season is around the corner. Good luck and have a safe season.

Ed Kramer  
Region 1 Vice President

## **MTPCA Region 2 Vice President's Report**

Hello Trappers,

I hope everyone had a great summer. Let me introduce myself... I'm Tammy McDuffie, Region 2 Vice President... I didn't grow up trapping or into any outdoors sports. I did however have a young boy who wanted to learn how to do everything, so I ended up learning things later in life with him. It's been a great time learning to trap with him. I have been trapping for about six years now. I've learned so much since I started. I currently work for an animal and bug control company that's taught me even more. There's so much that I didn't know, that goes into permits, licensing, scheduling, you name it. I feel like I'm becoming fairly well rounded with trapping and nuisance control, but definitely have more to learn.

I look forward to learning and growing with the MTPCA. I plan on going to the NRC in Marquette in a couple of weeks with Mark and Dale. I'm not sure of all the ins and outs of what goes on with the politics of things, so the best way for me to learn, is to be present. This will be my first of hopefully many events like this, where I can absorb information, and apply what I know later.

I hope you all have a great trapping season! Tight Chains.

Tammy McDuffie  
Region 2 Vice President

## **MTPCA Region 3 Vice President's Report**

Hello Michigan Trappers,

# The Trapline

The Official Publication of the Michigan Trappers and Predator Callers Association  
October 2022 Edition

Fall is here convention time is over on to the real time of the year we have been waiting for trapping time.

I would like to thank Tom Oakley for his time and dedication for the association. I would also like to thank all the volunteers that helped out you folks kicked butt and took names from the cook's, to the people that unloaded the vendors and many more. Task well done Thanks to all.

Gas prices are up fur prices are down talking to some of the trappers around their still going to trap maybe not as hard as before in the past. This is a time to put your fur up correctly. Do it right the returns are a better return.

Enjoy your sport and heritage this fall.  
Be safe in your journeys.

The dusty roads have turned to mud. I will meet you at the high water mark only to turn around and go back! I enjoy doing what I do.

Ken (Bernie) Burzynski  
Region 3 Vice President

## **Public Relations Director's Report**

Now that the trapping and hunting seasons are upon us, we are in our happiest time of the year. I always look forward to hearing about and seeing everyone's success. A big part of that sharing is on social media, and it can be an amazing way to share with a large number of friends and acquaintances very fast. Most of you have already heard people caution you about this type of sharing and there has been much debate on the subject. As the PR director I thought it would be good to weigh in on it.

When we share photos and videos, we generate interest in what we do, and it is a good way to spread the word. Many of the people on my friend lists have a better understanding about fur harvesting- specifically from interactions inspired by my photos. Sharing photos and videos that are clean and tasteful is important because once it is on the internet there is no taking it back. One rule I use when sharing media is that I must feel comfortable with the picture or video being on the front of the newspaper or on the television news. I have spent much of my life fighting to keep our rights. I couldn't stand the thought of my photos being used out of context and against everything I have worked for.

The people in this world that want to end fur harvesting never stop. They address the Natural Resource Commission every month and are at every meeting they can be at to take our rights away. I recommend that you familiarize yourself with the NRC and your legislators as well.

# The Trapline

The Official Publication of the Michigan Trappers and Predator Callers Association  
October 2022 Edition

You are welcome to attend the NRC meetings and can even address them if you want. The more voices we have in support of us really increases our chances of preserving our way of life.,

If you would like to speak during the public appearances portion of the meeting, please email [NRC@michigan.gov](mailto:NRC@michigan.gov).

Go to the NRC webpage for details. Here is a list of the upcoming NRC meeting dates:

Nov. 10, 2022: Lansing Community College

Dec. 8, 2022: Lansing Community College
